

CLEANSING

AHA 3 Facial Cleanser Glycolic acid 3 • pH 3.3 - 3.6

CLEANSING: D-AM/PM Gently cleanses skin by deep cleaning pores and removing surface skin dirt, oils and contaminants. Glycolic acid will help slough off dead skin cells to reveal next layer of skin. Will leave skin looking revitalized, refreshed and perfectly prepared for next skin care treatment. **DIRECTIONS:** Apply a small amount of product to your dry fingertips. Apply to face and massage. Wash with cool water, and gently pat dry. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, Sodium Cocoyl Isethionate, Disodium Laureth Sulfosuccinate, Acrylates Polymer, Cocamidopropyl Betaine, Glycerin, Cetyl Alcohol, Cocamidopropyl Hydroxysultaine, Xanthan Gum, Trisodium Ethylenediamine Disuccinate, Citric Acid, Sodium Hydroxide, Caprylyl Glycol, Caprylhydroxamic Acid

Facial Cleanser Sensitive Skin pH 5.0 - 5.5

CLEANSING: D-AM/PM Sensitive skin. Gently cleanses skin by deep cleaning pores and removing surface skin dirt, oils and contaminants. Will leave skin looking revitalized, refreshed and perfectly prepared for next skin care treatment. **DIRECTIONS:** Apply a small amount of product to your dry fingertips. Apply to face and massage. Wash with cool water, and gently pat dry. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, Sodium Cocoyl Isethionate, Disodium Laureth Sulfosuccinate, Cetyl Alcohol, Cocamidopropyl Betaine, Trisodium Ethylenediamine Disuccinate, Glycereth - 26, Triethanolamine, Hydroxyethylcellulose, Phenoxyethanol, Xanthan Gum, Diazolidinyl Urea

Salicylic Cleanser Salicylic acid 2 • pH 3.5 - 3.8

CLEANSING: D-AM/PM Salicylic acid will penetrate deep into pores to cleanse and promote optimum skin health. Use as directed by your skin care professional. Acne treatment. **DIRECTIONS:** Apply a small amount of product to your dry fingertips or cotton round. Apply to face and massage. Wash with cool water and gently pat dry. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, Sodium C14-16 Olefin Sulfonate, Cocamidopropyl Betaine, Di-PPG-2 Mereth-10 Adipate, PEG-7 Glyceryl Cocoate, Salicylic Acid, PEG-6 Caprylic/Capric Glycerides, PEG-150 Pentaerythrityl Tetrastearate, Triethanolamine, Propylene Glycol, Citric Acid, Diazolidinyl Urea

TONERS / ASTRINGENTS

Facial Toner pH 5.0 - 5.5

THERAPEUTIC: Gentle facial toner to be used after cleansing or any time for all skin types. Removes any residue of cleanser, make-up or facial contaminants while gently freshens and tones the skin while bringing the skin back to a natural pH. Use as directed by your skin care professional. **DIRECTIONS:** Use once or twice daily or as recommended, following cleansing. Apply to clean, dry skin. Allow to air dry. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, Glycereth - 26, Sodium Ascorbyl Phosphate, Glycine, Alanine, Poline, Serine, Threonine, Arginine, Lysine, Glutamic Acid, Sodium PCA, Betaine, Sorbitol, Sodium Hyaluronate, Allantoin, Trisodium Ethylenediamine Disuccinate, Citric Acid, Propylene Glycol, Diazolidinyl Urea

AHA 8 Astringent Glycolic acid 8 • pH 3.3 - 3.6

RESURFACING: D-AM/PM Use once or twice daily or as recommended, following cleansing. Apply to clean, dry skin. Allow to air dry. Proceed with treatment protocol. **DIRECTIONS:** Use once or twice daily or as recommended, following cleansing. Apply to clean, dry skin. Allow to air dry. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, SD Alcohol 40-B, Glycolic Acid, Glycerin, Ammonium Hydroxide, Sodium Benzoate, Polyquaternium-10

BHA / AHA Clarifying Astringent Salicylic acid 2 • Glycolic acid 10 pH 3.3 - 3.6

RESURFACING: D-AM/PM Combination of (BHA) salicylic acid and (AHA) glycolic acid. Glycolic acid will help aid in the process of sloughing off dead skin cells while salicylic acid will penetrate deep into pores to cleanse and promote optimum skin health. Use as directed by your skin care professional. Acne treatment. **DIRECTIONS:** Use once or twice daily or as recommended, following cleansing. Apply to clean, dry skin. Allow to air dry. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, SD Alcohol 40-B, Glycolic Acid, Glycerin, Ethoxydiglycol, Salicylic Acid, Citric Acid, Ammonium Hydroxide

RESURFACING

AHA 15 Refining Gel Glycolic acid 15 • pH 3.3 - 3.6

RESURFACING: D-AM/PM Glycolic acid will help aid in the process of sloughing off dead skin cells to reveal next layer of skin. Use as directed by your skin care professional. Acne treatment. DIRECTIONS: Use once or twice daily or as recommended, following cleansing. Apply to clean, dry skin. Allow to air dry. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, Alcohol 40-B, Glycolic Acid, Propylene Glycol, Ammonium Hydroxide, Polysorbate 20, Polyquaternium-10, Trisodium Ethylenediamine Disuccinate

LOTIONS

AHA 10 Day Lotion Glycolic acid 10 • pH 3.3 - 3.6

MOISTURIZING: Effective, light moisturizing lotion that helps hydrate the skin while glycolic acid will help aid in the process of sloughing off dead skin cells to reveal next layer of skin. DIRECTIONS: Cleanse and dry skin. Apply a small amount of product to your dry fingertips. Using gentle pressure, press product into skin. Use as directed.

INGREDIENTS: Purified Water/Aqua, Glycolic Acid, Ammonium Hydroxide, Glycerin, Tridecyl Stearate, Neopentyl Glycol Dicaprylate/Dicaprate, Tridecyl Trimellitate, Cetearyl Alcohol, Dicapryl Phosphate, Ceteth-10 Phosphate, Trisodium Ethylenediamine Disuccinate, Xanthan Gum, Sodium Levulinate, Sodium Anisate

AHA 20 Intensive Hand Lotion Glycolic acid 20 • pH 3.3 - 3.6

MOISTURIZING: Intensive light moisturizing lotion that helps hydrate the skin while glycolic acid will help aid in the process of sloughing off dead skin cells to reveal next layer of skin. Can be used for all areas of the body. DIRECTIONS: Cleanse and dry skin. Apply a small amount of product to your dry fingertips. Using gentle pressure, press product into skin. Use as directed.

INGREDIENTS: Purified Water/Aqua, Glycolic Acid, Cetearyl Alcohol, Propylene Glycol, Dicapryl Phosphate, Ceteth-10 Phosphate, Tridecyl Stearate, Neopentyl Glycol Dicaprylate/ Dicaprate, Tridecyl Trimellitate, Ammonium Hydroxide, Cetareth-20, Dimethicone, Glycerin, Sodium PCA, Panthenol, Xanthan Gum, Trisodium Ethylenediamine Disuccinate, Phenoxyethanol, Diazolidinyl Urea

Hydrating Lotion pH 5.0 - 5.5

MOISTURIZING: Intensive moisturizing lotion formulated to add extra hydration for severely dry skin. DIRECTIONS: Cleanse and dry skin. Apply a small amount of product to your dry fingertips. Using gentle pressure, press product into skin. Use as directed.

INGREDIENTS: Purified Water/Aqua, Glycerin, Tridecyl Stearate, Neopentyl Glycol Dicaprylate/ Dicaprate, Tridecyl Trimellitate, Cetearyl Alcohol, Dicapryl Phosphate, Ceteth-10 Phosphate, Dimethicone, Methyl Gluceth-20, Sodium Hyaluronate, Alanine, Proline, Serine, Threonine, Arginine, Lysine, Glutamic Acid, Sodium PCA, Betaine, Tocopheryl Acetate, Glycine, Xanthan Gum, Trisodium Ethylenediamine Disuccinate, Panthenol, Sodium Hydroxide, Diazolidinyl Urea, Phenoxyethanol

Ceramide Lotion pH 5.0 - 5.5

MOISTURIZING: Moisturizing lotion formulated with the skin's natural ceramide II lipids (.25%) for increased barrier repair and hydration. Use as directed by your skin care professional. DIRECTIONS: Cleanse and dry skin. Apply a small amount of product to your dry fingertips. Using gentle pressure, press product into skin. Use as directed.

INGREDIENTS: Purified Water/Aqua, C12-15 Alkyl Benzoate, Ethylhexyl Palmitate, Glycerin, Niaciamide, Glyceryl Stearate, PEG-100 Stearate, Stearic Acid, Cetearyl Alcohol, Cetareth-20, Myristyl Myristate, Propylene Glycol, Trisodium Ethylenediamine Disuccinate, Carbomer, Ceramide-2, Triethanolamine, Allantoin, Caprylyl Glycol, Caprylhydroxamic Acid

Ceramide Lotion 1% pH 5.0 - 5.5

MOISTURIZING: Moisturizing lotion formulated with the skin's natural ceramide II lipids (1%) for increased barrier repair and hydration. Use as directed by your skin care professional. DIRECTIONS: Cleanse and dry skin. Apply a small amount of product to your dry fingertips. Using gentle pressure, press product into skin. Use as directed.

INGREDIENTS: Purified Water/Aqua, C12-15 Alkyl Benzoate, Ethylhexyl Palmitate, Glycerin, Niaciamide, Glyceryl Stearate, PEG-100 Stearate, Stearic Acid, Ceramide-2, Cetearyl Alcohol, Cetareth-20, Myristyl Myristate, Trisodium Ethylenediamine Disuccinate, Carbomer, Triethanolamine, Allantoin, Propylene Glycol, Caprylyl Glycol, Caprylhydroxamic Acid

Lac 10 Moisturizer Lactic acid 10 • pH 3.3 - 3.6

MOISTURIZING: All purpose AHA moisturizer (Lactic acid 10%). Proven effective in the treatment of severely dry skin conditions yet gentle enough for everyday use. A natural humectant; will leave the skin feeling soft and smooth while AHA improves the skin's ability to slough dead skin cells. DIRECTIONS: Cleanse and dry skin. Apply a small amount of product to your dry fingertips. Using gentle pressure, press product into skin. Use as directed.

INGREDIENTS: Purified Water (Aqua), Lactic Acid, Tridecyl Stearate, Neopentyl Glycol Dicaprylate/Dicaprate, Tridecyl Trimellitate, Cetearyl Alcohol, Dicapryl Phosphate, Ceteth-10 Phosphate, Glycerin, Sodium Hydroxide, Trisodium Ethylenediamine Disuccinate, Xanthan Gum, Sodium Levulinate, Sodium Anisate

UVA UVB Shield pH 5.0 - 5.5

MOISTURIZING: Effective, light moisturizing lotion to be used before sun exposure. Reapply often or as needed. Non-oily. DIRECTIONS: Cleanse and dry skin. Apply a small amount of product to your dry fingertips. Using gentle pressure, press product into skin. Use as directed.

INGREDIENTS: Active: Octinoxate 7.5%, Octisalate 5.0%, Octocrylene 10.0%, Titanmium Dioxide 1.3%, Aloe Barbadenis Leaf Juice, Cetyl Alcohol, Dicaprylyl Maleate, DMDM Hydantoin (and) Iodopropynyl Butylcarbamate, Hydrogentaed Polyisobutene, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer (and) Isohexadecane (and) Polysorbate 60, Stearic Acid, Trilaureth-4 Phosphate, Water

CREAMS

Moisturizing Cream pH 5.0 - 5.5

MOISTURIZING: Effective, light moisturizing cream to be used in all weather climates for all skin types. Use as directed by your skin care professional. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Myristyl Myristate, Isopentyl Diol, Stearic Acid, Cetyl Alcohol, Dimethicone, Tridecyl Stearate, Neopentyl Glycol Dicaprylate/Dicaprate, Tridecyl Trimellitate, Glyceryl Stearate, Magnesium Aluminium Silicate, Xanthan Gum, Lanolin Alcohol, DEA-Cetyl Phosphate, Diazolidinyl Urea, Trisodium Ethylenediamine Disuccinate, PEG-100 Stearate

Ceramide Cream pH 5.0 - 5.5

MOISTURIZING: An intensive moisturizing cream formulated with the skin's natural ceramide II lipids (.25%) for increased barrier repair and hydration. Use as directed by your skin care professional. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, C12-15 Alkyl Benzoate, Ethylhexyl Palmitate, Glycerin, Niaciamide, Glyceryl Stearate, PEG-100 Stearate, Stearic Acid, Cetearyl Myristate, Propylene Glycol, Trisodium Ethylenediamine Disuccinate, Carbomer, Ceramide 2, Triethanolamine, Allantoin, Diazolidinyl Urea

Ceramide Cream 1% pH 5.0 - 5.5

MOISTURIZING: An intensive moisturizing cream formulated with the skin's natural ceramide II lipids (1%) for increased barrier repair and hydration. Use as directed by your skin care professional. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, C12-15 Alkyl Benzoate, Ethylhexyl Palmitate, Glycerin, Niaciamide, Cetearyl Alcohol, Glyceryl Stearate, PEG-100 Stearate, Stearic Acid, Ceramide 2, Ceteareth-20, Cetearyl Myristate, Trisodium Ethylenediamine Disuccinate, Carbomer, Triethanolamine, Allantoin, Propylene Glycol, Diazolidinyl Urea

AHA 2 Under Eye Cream Glycolic acid 2 • pH 3.5 - 4.0

MOISTURIZING: Contains glycolic acid to aid in the process of sloughing dead skin cells, while providing the necessary moisture to smooth and diminish the appearance of fine lines around the sensitive eye area. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Caprylic/Capric Triglyceride, Emulsifying Wax NF, Glycolic Acid, Dimethicone, Isopropyl Myristate, Butylene Glycol, Glycerin, Glyceryl Stearate, PEG-100 Stearate, Cetearyl Alcohol, Ceteareth-20, Petrolatum, Lanolin Wax, Cetyl Alcohol, Magnesium Aluminium Silicate, Allantoin, Ammonium Hydroxide, Trisodium Ethylenediamine Disuccinate, Xanthan Gum, Propylene Glycol, Diazolidinyl Urea

AHA 10 Day Cream Glycolic acid 10 • pH 3.3 - 3.6

MOISTURIZING: Intensive moisturizing cream (excellent for cold weather climates) that helps hydrate the skin while glycolic acid will help aid in the process of sloughing off dead skin cells to reveal next layer of skin. Use as directed. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Glycolic Acid, Glyceryl Stearate SE, Cetyl Alcohol, PEG-100 Stearate, Stearic Acid, Tridecyl Stearate, Neopentyl Glycol Dicaprylate/Dicaprate, Tridecyl Trimellitate, PEG-20 Metyl Glucose Sesquistearate, Methyl Glucose Sesquistearate, Ammonium Hydroxide, Sodium PCA, Phenyl Trimethicone, Trisodium Ethylenediamine Disuccinate, Magnesium Aluminium Silicate, Phenoxyethanol, Glycereth - 26.

RESURFACING CREAMS

AHA 10 Pre Peel Cream Glycolic acid 10 • pH 3.3 - 3.6

MOISTURIZING EXFOLIANT: Effective, light moisturizer that helps hydrate the skin while glycolic acid will help aid in the process of sloughing off dead skin cells to reveal next layer of skin. Use as directed by your skin care professional during pre peel protocol. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Glycolic Acid, Caprylic/Capric Triglyceride, Stearic Acid, Isopropyl Myristate, Emulsifying Wax NF, Dimethicone, Propylene Glycol, Glyceryl Stearate, PEG-100 Stearate, Ceteareth-20, Lanolin Wax, Sorbitan Stearate, Cetearyl Alcohol, Xanthan Gum, Ammonium Hydroxide, Magnesium Aluminium Silicate, Trisodium Ethylenediamine Disuccinate, Sodium PCA, Phenoxyethanol

AHA 20 Pre Peel Cream Glycolic acid 20 • pH 3.3 - 3.6

MOISTURIZING EXFOLIANT: Intensive, light moisturizing cream that helps hydrate the skin while glycolic acid will help aid in the process of sloughing off dead skin cells to reveal next layer of skin. Use as directed by your skin care professional during pre peel protocol. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Glycolic Acid, Cetearyl Alcohol, Propylene Glycol, Dicyl Phosphate, Ceteth-10 Phosphate, Tridecyl Stearate, Neopentyl Glycol Dicaprylate/ Dicaprate, Tridecyl Trimellitate, Ammonium Hydroxide, Ceteareth-20, Dimethicone, Glycerin, Sodium PCA, Panthenol, Xanthan Gum, Trisodium Ethylenediamine Disuccinate, Phenoxyethanol, Diazolidinyl Urea

THERAPEUTIC

Body Oil pH 5.5 - 6.0

THERAPEUTIC: Gentle moisturizing face and body oil. Use on any part of body that needs extra attention or soothing comfort. Perfect for use as massage oil. Fragrance less than 1%. DIRECTIONS: Use sparingly. Apply a small amount of product to your dry fingertips. Using gentle pressure, press product into skin.

INGREDIENTS: Macadamia Ternifolia Seed Oil, Simmondsia Chinensis (Jojoba) Seed Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Tocopherol

Liquid Lufa pH 5.5 - 6.0

THERAPEUTIC: W-2/3X Microbeads gently remove dead cells on the face and body leaving the skin smooth and soft. Will leave skin looking revitalized, refreshed and perfectly prepared for next skin care treatment. Can be combined with facial cleanser. Use as directed by your skin care professional. DIRECTIONS: Apply a small amount of product to your dry fingertips. Apply to face and massage. Wash with cool water, and gently pat dry. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, SD Alcohol 40-B, Glycereth - 26, Pumice, Polysorbate 20, Allantoin, Carbomer, Triethanolamine, Caprylyl Glycol, Glycerin, Caprylhydroxamic Acid

Refining Clay Mask pH 5.5 - 6.5

THERAPEUTIC CLEANSING MASK: W-2/3X Purifying clay mask that helps to control blemishes, un-clog pores and aids in the process of removing excess oil and build-up of environmental contaminants. Use as directed by your skin care professional. Pre extraction treatment. Acne Treatment. DIRECTIONS: Apply to clean, dry skin 1 - 2x weekly at night. Apply a small amount of product to your dry fingertips. Allow to dry and set for 10 - 15 minutes. Gently wash clay mask off with cool water, do not scrub. Gently pat dry. Apply one to three times a week as directed. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, Propylene Glycol, Illite, Caprylic/Capric Triglyceride, Hexylene Glycol, PEG-12 Dimethicone, Phenoxyethanol, Xanthan Gum, Polyacrylamide, C13-14 Isoparaffin, Laureth-7, Trisodium Ethylenediamine Disuccinate, Caprylyl Glycol, Ethylhexylglycerin, Triethanolamine, Potassium Azeloyl Diglycinate

Healing Facial Mask pH 5.5 - 6.5

THERAPEUTIC CLEANSING MASK: W-2/3X Moisturizing clay mask that will help un-clog pores and aids in the process of removing excess oil and build-up of environmental contaminants. For intense moisturizing leave on for longer periods as directed by your skin care professional. Pre extraction treatment. DIRECTIONS: Use sparingly. After cleansing protocol apply a small amount to dry skin. Allow to dry. Wash with cool water, and gently pat dry. Apply one to two times a week as directed. Proceed with treatment protocol.

INGREDIENTS: Purified Water/Aqua, Illite, Caprylic/ Capric Triglyceride, Propylene Glycol, Polyacrylamide, C13-14 Isoparaffin, Laureth-7, PEG-12 Dimethicone, Copper Gluconate, Xanthan Gum, Trisodium Ethylenediamine Disuccinate, Magnesium Aspartate, Allantoin Phenoxyethanol, Caprylyl Glycol, Ethylhexylglycerin, Zinc Gluconate, Hexylene Glycol

Hyaluronic Acid Serum pH 5.0 - 5.5

THERAPEUTIC: Helps maintain normal skin function through increased cellular hydration. Effective in the treatment of dry skin conditions. Increases collagen production and new skin cell formation. Hyaluronic Acid Serum will aid in cell healing and recovery associated with acid peels and other professional skin procedures. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Sodium Hyaluronate, Ethoxydiglycol, Glycerin, Polysorbate, Trisodium Ethylenediamine Disuccinate, Caprylyl Glycol, Caprylhydroxamic Acid. Citric Acid

ANTI-AGING

Vitamin A Emollient pH 5.0 - 5.5

MOISTURIZING VITAMIN: D-PM Potent level of Vitamin A (Retinyl Palmitate) improves the appearance of fine wrinkle lines by increasing dermal thickness and improves the appearance of dull skin caused by aging and or sun damage. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Aloe Barbadensis Leaf Juice Powder, Retinyl Palmitate, Peg-40 Hydrogenated Castor Oil, Glycerin, Polyacrylamide, C13-14 Isoparaffin, Phenoxyethanol/Laureth-7, Peg-12 Dimethicone, Allantoin, Sorbitan Oleate, Trisodium Ethylenediamine Disuccinate, Ascorbyl Palmitate, Xanthan Gum, Triethanolamine

Vitamin A Emollient Sensitive Skin pH 5.0 - 5.5

MOISTURIZING VITAMIN: D-PM Sensitive skin. Vitamin A (Retinyl Palmitate/Carrot Polypeptide) improves the appearance of fine wrinkle lines by increasing dermal thickness and improves the appearance of dull skin caused by aging and or sun damage. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Aloe Barbadensis Leaf Juice Powder, Caprylic/Capric Triglyceride, Glycerin, Polyacrylamide, C13-14 Isoparaffin, Retinyl Palmitate/Carrot Polypeptide, Laureth-7, Peg-40 Hydrogenated Castor Oil, Xanthan Gum, Phenoxyethanol, Trisodium Ethylenediamine Disuccinate, Allantoin, BHT, Tocopherol

Skin Soothing Cream pH 5.5 - 6.0

MOISTURIZING: Combines the therapeutic affects of avocado (10%) and the cell rejuvenating properties of vitamin K (1%) to soothe and comfort irritated skin. Topical vitamin K is clinically proven to aid in the healing process after some laser treatments (see vendor for protocol). Can be used on all skin types. Post peel care. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Caprylic/Capric Triglyceride, Persea Gratissima (Avocado) Oil Unsaponifiables, Propylene Glycol, Glycerol Stearate, PEG - 100 Stearate, Phytanadione, Cetyl Alcohol, Allantoin, Phenyl Trimethicone, Bisabolol, Carbomer, Trisodium Ethylenediamine Disuccinate, BHT, Diazolidinyl Urea, Triethanolamine

Vitamin C Emollient L-ascorbic acid 25 • Pycnogenol 1 pH 5.5 - 6.0

VITAMIN ANTIOXIDANT: D-AM Restores essential nutrients that are necessary for the prevention of premature aging, dehydration and cellular degradation. Contains 25% L-ascorbic acid (Vitamin C) and 1% Pycnogenol to protect the skin against environmental damage while stimulating collagen synthesis and reducing the formation of free radicals and their damage. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Ascorbic Acid, Triethanolamine, Glycerin, Pinus Pinaster (Bark) Extract (Pycnogenol), Sodium Hyaluronate, Xanthan Gum, Trisodium Ethylenediamine Disuccinate, Caprylyl Glycol, Caprylhydroxamic Acid

Vitamin C Emollient Sensitive Skin pH 5.5 - 6.0

VITAMIN ANTIOXIDANT: D-AM Sensitive skin. Restores essential nutrients that are necessary for the prevention of premature aging, dehydration and cellular degradation. Contains pure water soluble Vitamin C (for those skin types which are sensitive to L-ascorbic acid) and 1% Pycnogenol to protect the skin against environmental damage while stimulating collagen synthesis and reducing the formation of free radicals and their damage. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Glycerin, Sodium Ascorbyl Phosphate, Pinus Pinaster (Bark) Extract (Pycnogenol), Trisodium Ethylenediamine Disuccinate, Diazolidinyl Urea, Xanthan Gum, Propylene Glycol, Citric Acid

Skin Recovery Serum Vitamin A, B3, C & E pH 4.5 - 5.0

VITAMIN: Serum formulated with high levels of pure Vitamin A, B3, C and E. Serum aids in cell healing and recovery associated with acid peels and other professional skin procedures. Post peel product. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Niacinamide, Glycerin, Sodium Ascorbyl Phosphate, Retinyl Palmitate, Tocopherol, Caprylyl Glycol, PEG-40 Hydrogenated Castor Oil, Carrot Polypeptide, Wheat Polypeptide, Xanthan Gum, Trisodium Ethylenediamine Disuccinate, Ethylhexyl Glycerin, Allantoin, BHT, Citric acid

Ageless Peptide Cream pH 5.0 - 6.0

MOISTURIZING: Combines two powerful ingredients (palmitoyl oligopeptide-palmitoyl tetrapeptide-3) to induce the natural production of collagen which is critical to wrinkle reduction. Unique and powerful; Ageless Peptide Cream will help erase unwanted fine lines and wrinkles. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water (Aqua), C12-15 Alkyl Benzoate, Ethylhexyl Palmitate, Glycerin, Glyceryl Stearate, PEG-100 Stearate, Cetearyl Alcohol, Stearic Acid, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-10, Butylene Glycol, Carbomer, Polysorbate 20, Cetareth-20, Myristyl Myristate, Trisodium Ethylenediamine Disuccinate, Allantoin, Triethanolamine, Propylene Glycol, Diazolidinyl Urea, Caprylyl Glycol, Caprylhydroxamic Acid

SKIN LIGHTENING

Skin Lightening Glycolic acid 10 • Hydroquinone 2 pH 3.3 - 3.6

SKIN LIGHTENING: D-PM Combination of 10% glycolic acid and 2% hydroquinone (hydroquinone - inhibits key steps of the melanin synthesis and pigmentation process) provide a highly effective and clinically proven treatment for skin lightening. Glycolic acid helps to reduce cell cohesion while hydroquinone penetrates deep to reduce age spots, freckles and hyper-pigmentation. Pre and post peel product. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Glycolic Acid, SD Alcohol 40-B, Hydroquinone, Propylene Glycol, Trisodium Ethylenediamine Disuccinate, Hydroxyethylcellulose, Sodium Metabisulfite, Ammonium Hydroxide, Sodium Bisulfite, Allantoin

Skin Lightening Sensitive Skin pH 4.5 - 5.0

SKIN LIGHTENING: D-PM Sensitive skin. Does not contain hydroquinone. Active ingredient ActiWhite™ is clinically proven to inhibit key steps of the melanin synthesis and pigmentation process to reduce age spots, freckles and hyperpigmentation. Provides a highly effective and clinically proven treatment for skin lightening, especially in daily use for sensitive skin types. DIRECTIONS: Use as directed. Use sparingly. Apply a small amount of product to your dry fingertips. Gently press into skin.

INGREDIENTS: Purified Water/Aqua, Hydroxyethylcellulose, Niacinamide, Sucrose Dilaurate, Pisum Sativum (Pea) Extract, Laureth-9, C13-14 Isoparaffin, Glycerin, Trisodium Ethylenediamine Disuccinate, Allantoin, Citric Acid, Propylene Glycol, Polysorbate 20, Diazolidinyl Urea, Polyacrylamide
